ACTION TO BE BEGUN AGAINST EX-PRESS COMPANIES.

Right of Companies to Accept Shipments Except on Payment of War Revenue Tax by Shippers to Be Tested.

Major William Warner, United States district attorney, will to-morrow morning Institute proceedings to test the right of express companies to accept and receip shipments except on payment by the shippers of the cost of the war revenue tax starsps. Major Warner and Commis-sioner W. P. Trickett, of the Kansas City transportation bureau, held a conference cided to institute the suit, the form of which is yet to be decided upon.

Commissioner Trickett and the members

of the executive committee of the transportation bureau, at whose instance Major Warner decided to act in the matter, are anxious to have mandamus proceedings brought to compel the express companies to accept packages offered by shippers, and several large firms are ready to offer shipments to the companies and demand receipts without payment of the revenue tax with a view to having them refused and forming a basis for mandamus proceedings. The transportation bureau takes the position that the proceedings to be taken should be such as to result in the earliest possible decision in the matter, and argues that the New York sult, which was the first filed to test the right of the express companies to refuse to issue receipts except on payment by shippers of the tax, will probably be decided before a similar one brought here could be disposed of. For this reason it favors mandamus portation bureau, at whose instance Major of. For this reason it favors mandamus

of. For this reason it favors mandamus proceedings.

Major Warner said yesterday he appreciated the soundness of this position from a commercial point of view, but that he desired to look further into the law before deciding to act. He would not express an opinion as to the likelihood of accomplishing the result aimed at by mandamus, but said he would be prepared to bring suit in some form early to-morrow morning.

IS JENNIE FENN GUILTY?

Justice Joyce Reserves Judgmen Pending Examination of Articles Alleged to Have Been Stolen. The trial of Jennie Fenn for stealing

dental tools and supplies from the Allen-dorph supply house, of which she was formerly an employe, was finished in Justice Joyce's court yesterday morning, but judgment will not be rendered until Monday morning. The arguments were heard yesterday. Assistant Prosecutor J. D. Wendorff and Attorney J. J. Williams represented the state, and Attorneys J. M. Cole and J. S. Brooks the defendant. The case hinges upon the identification of the goods alleged to have been stolen. Among these are a large number of what are technically known as "Logan crowns" which the attorneys persistently called "golden crowns." Certain marks alleged to have been on these crowns and upon some gold erly an employe, was finished in Justice been on these crowns and upon some gold filling which was not in court yesterday led the justice to defer judgment until he can see the goods again.

A NEW TRIAL DENIED. Judge Gates Sustains the Findings of

the Jury in the Benton Boulevard Case.

In the matter of the condemnation cases of Benton boulevard, between Independence avenue and Fifteenth street, which came up in Judge Gates' division of the circult court yesterday, the property cwners were allowed four days in which to file their motion for an appeal to the supreme court, after the motions for a new trial had been overruled by the court. It is not probable that an appeal will be taker in these cases, following the action of similar cases on the same boulevard in the South park district. The collection of assessments on the section between Twenty-fourth and Thirty-first streets is now being made, and the contractors are ready to go to work. came up in Judge Gates' division of the

MUST SERVE HIS TIME.

Harry Deaton, the Alleged Diamond Thief, to Be Taken to Tennessee

Harry Deaton, alias Byrnes, alias half a dozen other names, has made a game fight for his liberty, but it looks very much as if he will have to serve the full time of his sentence in the Tennessee pentientiary, from which he escaped several years ago. Judge Henry yesterday decided that Deaton was the man wanted by the officials from Tennessee, and the writ of habeas corpus was denied. He will be taken back to Nashvälle to-day to serve the balance of the five years' sentence and the additional penalty imposed for escaping. Deaton was supposed to have been implicated in a diamond robbery here with Considine, who was sent to the pentientiary at Jefferson City six months ago. much as if he will have to serve the full

TRINITY CHURCH IS SUED.

Rozier Pullman Begins Proceedings to Get \$5,000 That Was Loaned Twelve Years Ago.

Twelve years ago the Trinity church borrowed \$5,000 from Rozier Pullman for the purpose of buying silver service, tapestry, and carpets for the church, executing a and carpets for the church, executing a note for the sum, payable in five years, in 18% the courts gave a judgment against the church for the entire sum with interest. In the meantime all of the property of the church had been transferred to the "fund commission." of which D. B. Holmes is the trustee. Yesterday Mr. Pullman filed suit asking that church property sufficient to satisfy the indebtedness be turned over to him. The petition stated that the fund commission was illegal.

In Jail for Larceny of Brasses.

W. H. Ellison was arraigned in Justice Joyce's court yesterday morning for stealing 400 pounds of car brasses from Jacob Doid Packing Company. The value of the brass is about \$22. Ellison could not give bond and was sent to jail to await trial on July 18. The "car brasses" stolen are pieces of brass which fit around the ends of the axles of railroad cars, forming a boxing, and are worth about \$1.50 ench. They are either stolen from the yards of companies owning their own freight cars or removed from the cars with a jack screw. Railroad

State Medical Institute Discovers a Remarkable Remedy for Lost Vigor.

ARE SENDING FREE A TRIAL PACK-AGE TO ALL WHO WRITE.

Free samples of a most remarkable emedy are being distributed by the State Medical Institute, Fort Wayne, Ind. It cured so many men who had battled for years against the mental and physical suffering of lost manhood that the institute has decided to distribute free trial packages to all who write. It is a home treatment, and all men who suffer with any form of sexual weakness resulting from youthful sexual weakness resulting from youthful folly, premature loss of strength and memory, weak back, varicocele, or emaciation of parts, can now cure themselves at home. The remedy has a peculiarly grateful effect of warmth and seems to act direct to the desired location, giving strength and development just where it is needed. It cures all the ills and troubles that come from years of misuse of the natural functions and has been an absolute success in all cases. A request to the State Medical Institute, 173 First National Benk building. Fort Wayne, Ind., stating that you desire one of their free trial packages, will be complied with. The institute is desirous of reaching that great class of men who are unable to leave home to be treated, and the free sample will enable them to see how easy it is to be cured of sexual weakness when the proper remedies are employed. The Institute makes no restrictions. Any man who writes will be sent a free sample, carefully scaled in a plain package, so that its recipiem need have no fear of embarrassment or publicity, Readers are requested to write without delay. folly, premature loss of strength and mem-

NO DECISION BEFORE FALL. Condemnation of Penn Valley Park Property Will Go Over to Fall

Term of Court. The matter of the condemnation of Penn Valley park property will hardly be set-tled before the October term of court, it being evidently the determination of all concerned to await the decision of the supreme court on the application of a re-hearing of the North Terrace case. In Judge Gates' court yesterday, the argument for a new trial was to have come up, but by mutual arrangement between the torneys, it was continued until next Saturday, and will then be likely passed or til the October term

KANSAS CITY IS HEALTHY. Only One-third as Many Cases of Con

tagious Disease in June as

in May. The records of the board of health for the month of June do not show that Kansas City is in the bedraggled, unsanitary and generally deplorable condition which the "bal poudre" kickers depict. Though June is usually the month in which the greatest amount of contagious disease caused by unsanitary conditions exists, the figures show that there were only eighty-nine cases during June as against 235 for the month of May. Of these, eighty were cases of measles, which are not properly un-sanitary products.

The report of Clerk Benton, of the board

sanitary products.

The report of Clerk Benton, of the board of health, shows that during the month there were 255 births, against 176 deaths, an excess of 79, an unprecedented record of excess. Of the deaths 143 were white, 33 colored, 165 males and 71 females; 42 were under 1 year of age, 52 under 5 years; 112 were adults and 64 minors.

Of the births, 240 were white, 15 colored, 129 males and 135 females—all minors.

Of the deaths, 14 were caused by consumption, 8 cholera infantum, 7 by suicide and 11 by accident.

sumption, 8 cholera infantum, 7 by suicide and 11 by accident.

The death rate for last month was only 8.08 per cent, which will probably break the record for any city of its size in the coun-try. Kansas City has for years held the record of being the healthlest city of equal population in the West with the exception of Denver. The death rate for May was 9.7 per cent. 8.7 per cent. There were only three cases of diph-theria, whooping cough and scarlet fever during the month.

PRAISE FOR EXPOSITION.

Principal Morrison, of the Manual Training School, Finds It Interesting.

Principal G. B. Morrison, of the Manual Training high school, has just returned from the Omaha exposition, where he had charge of the manual training and indus-trial conference. The Trans-Mississippi Ed-ucational conference, of which the manual training and industrial department was a branch, was in every way a success, over 2,000 teachers, Professor Morrison said, taking part. Professor Morrison thinks the Omaha exposition fully up to the world's fair in the artistic arrangement of the buildings and the beauty of the architecture. The and the beauty of the architecture. The exhibits from the states, he says, while possibly not so extensive, are quite as creditable as they were at Chicago, and in many cases better arranged. The government exhibit Professor Morrison considers better than the one at Chicago. All the departments, he says, are fully as perfect in the present exhibit, and many new features have been added. One of these, of especial interest at this time, was arranged by the war department. It contains, among other things, models of every vessel now serving in the United States navy. All the weapons now in use in the army or navy are represented, either by models or the weapon itself. In connection with these are wax ligures armed and uniformed to represent all the ranks and branches of the army and navy as they now are, and also as they were at different periods in the history of the United States.

TWO PLATS OF CHICKAMAUGA.

Colonel Moore Sends Colonel Conover One of To-day in Return for a Civil War Plat.

Colonel John H. Conover received a few days ago from Colonel Milton Moore of the Fifth Missouri volunteers a plat of the military camp at Chickamauga park, showing the location of each of the commands encamped there. The plat was made in re-

turn for one Colonel Moore received a few weeks ago from Colonel Conover showing the location of each command when Colonel Conover was there with his Ohio regiment during the civil war.

Colonel Conover was encamped there with his command before and after that celebrated battle of the war and has visited the park since then and is quite familiar with its location and changes. He made the plat and sent it to Colonel Moore, as they were warm personal friends and strangely had been in command of troops using the same camp ground, although thirty years had intervened. Colonel Moore expressed his gratification on receiving the plat. had intervened. Colonel Moore expi his gratification on receiving the plat.

ANNUAL MEMORIAL SERVICE. Knights of Pythias of Kansas City t Gather at the Orpheum

To-day. The annual memorial service of the Knights of Pythias of Kansas City will be held this afternoon at 2:30 o'clock at the Orpheum theater and all lodges and members of the order in the city will partici-pate. Many years ago the order set apart one day each year for holding memorial services for the dead of the order and on these occasions the members assemble and listen to the roll call of the Knights who are absent. The order is a strong and acare absent. The order is a strong and active one in Kansas City and the annual service is a impressive one. This year the annual address will be delivered by the grand prelate of the order of the state, Rev. Dr. William Shelton, Rev. Dr. S. A. Northop, of the Baptist church, will deliver the invocation. All of the lodges of the city will attend and visitors will be present from suburban cities. present from suburban cities.

TO TEAR AWAY A LANDMARK. Old Cumberland Church in Independ ence, Built in 1840, Will Be Re-

placed by Modern Edifice. The old Cumberland church in Independence, built in 1840, will be torn down and modern structure erected in its place. The old church building was for many The old church building was for many years the most imposing in the West. It is still in a fair state of preservation and the brick of which it was built will be used in the new building, which is to be finished during the autumn months at a cost of about \$1.900. The contract for tearing away the old landmark was awarded yesterday to John Wesley who will begin this work tomorrow, and after to-day the congregation will worship in one of the rooms of the county court house until the new church edifice is ready for occupancy.

ORDERED TO CHICKAMAUGA.

Dr. Ward, Recently Appointed Brigade Surgeon, Leaves for His Post of Duty.

Dr. M. B. Ward, who was appointed brigade surgeon in the regular army two weeks ago, yesterday received orders from Washington to report at once to General Wilson, commanding the Sixth army corps at Chickamauga park. He hurriedly completed his work of preparation and left last night for his post of duty. Dr. Ward has been a practicing physician here for several years and has held a high place in his profession.

To Entertain the Editors. The members of the Indian Territory Press Association will be escorted to the Commercial Club upon their arrival here at 10:30 to-morrow morning and will be tendered an informal reception at the club rooms, after which they will be entertained at luncheon at the Coates House at 12:30 o'clock, prior to leaving for Omaha to visit

Unfortunate Plight of a Kansan. James E. Robinson, a coal miner of Yale, Kas., is at the city hospital struggling for life. He has been ill for a long time and yesterday morning was found in the mar-ket place in an exhausted condition and taken to police headquarters. He is with-out money and has a family, in destitute circumstances, in Yale.

TWO PATRIOTIC CONCERTS. Excellent Programmes Arranged for Zimmerschied's Military Band at

Fairmount To-day. President McKinley has designated to-day as the day for the American people to offer thanks over the victories of the American armies and navy over the Spanish; to reoice over the triumph of liberty and enlightenment and humanity over despotism, ignorance and cruelty. Following out the request of the president the day will be celebrated at Fairmount park by two grand patriotic concerts, in which all the popular national war music and war songs will be given by the full Zimmerschied military

of George Olmi, Marien Bohanon, John Re ton and Will Ormsby.

USED THEIR REVOLVERS.

Police Officers Shoot at Fleeing No groes, Whose Offense Was "Acting Suspiciously."

Officers Joyce and Phelan had a lively experience with colored denizens of Beividere hollow yesterday afternoon, and the fusilisdes from their guns gave the people some idea of the excitement attending a Santiago engagement. The officers saw two suspicious negroes

The officers saw two suspicious negroes in the hollow, and started after them. They took to their heels and the officers drew their guns and began firing in the hope of bringing them to a halt. But the negroes kept on and led the way over a dump, which almost proved a Waterloo for Joyce. The officer's legs became entangled in a lot of wire and he fell headlong into a pile of broken glass, which cut his right hand severely in two places. Joyce picked himself up and resumed the chase, and, with Phelan, finally ran the quarry down.

While on the way to the station a crowd of negroes surrounded the officers and threatened to take the prisoners away from them, but the bluecoats drew their guns and forced their way out. The prisoners, who gave their names as James Duncan and John Hayes, were booked for investigation at the Central police station. Dr. Longan attended to Joyce's injuries.

INJUNCTION CASE GOES OVER. Only a Part of the Affidavits Filed in the Suit Against the Board of Trade.

The injunction suit of Jones & Oglebay owners of the Temple block, against the board of trade to prevent it from sub-let-ting that building to the Missouri, Kansas tering into any other contract for the occupancy of a building for trading purposes while the present contract is in existence, came up for trial before Judge Slover yesterday, Elijah Robinson appeared for Jones & Oglebay, while the board of trade was represented by Frank Hagerman. A portion of the affidavits were filed yesterday and the balance will be had on the beginning of the week when the case will be taken under advisement. The decision will undoubtedly be handed down without delay, owing to the extreme importance of the case and the request of the attorneys on both sides.

streets, and received in payment a check for \$15. The check was returned as worth-less and Anderman was arrested yesterday for obtaining the cow by false pretenses, the was released on bond and will be given a hearing before Justice Case next Thursday.

Three Hundred Spaniards Killed.

If 300 AMERICANS can kill 300 SPAN-IARDS in 200 days, how many Americans will it take to kill 100 Spaniards in 100 days; one than the persons answering the above problem correspondence of the check was returned as worth-less and Anderman was arrested yesterday for obtaining the cow by false pretenses, and received in payment a check for \$15. The check was returned as worth-less and Anderman was arrested yesterday for obtaining the cow by false pretenses, and received in payment a check for \$15. HE WILL NOT SUCCEED. A St. Louis Man Who Is Attempting to Supercede Captain Klingman, of Battery B.

A St. Louis man named Ashcroft is making an effort to get the Kansas City battery into service with himself as captain. He has written a number of letters to friends of Captain Klingman in this city asking them to tell Captain Klingmar that he (Ashcroft) has "the proper pull" at Washington to get Battery B into the service, and that he will exert this puil in behalf of the men here, provided Captain Klingman will resign his commission band and the Hoffman quartette, composed as captain and go with the battery as first beery war this country has ever had has resulted in a flood of music and song. Much was mediocre, but much was good and has lived until the present day. The Revolution resulted in "Yankee Doodle," "My Country, 'Tis of The and Star Spangled Banner," the civil warm of the civil warm of the same of the first that Captain Klingman borrowed some of others. The present war had scarcely begun before the song and music writers were at work and no doubt much will be written to go down to history.

At the concerts to-day the music and songs of the Revolution and civil war will be given, and also the best of the music and songs of the Revolution and civil war will be given, and also the best of the music and songs of to-day. A new march just received by Director Zimmerschied is by Carry, of Boston, and is entitled "Admiral Dewey's March." It is said to be as inspiring as anything Sousa ever wrote, and the best of the war marches thus far. It will be played to-day. A song to be sung for the first time to-day also is entitled "Admiral Dewey's March," and is in commemoration of the sinking of the Maine. The two programmes at Fairmount to-day are intensely interesting at the present time. The afternoon programme follows:

"Under the Double Eagle" (Wagner).

"Concert overture (Suppel.)

"Massa's in the Cold, Coal Ground." Hofman quariette—Bohanno, Olmi, Ormsby, Reton.

"Flag of Victory," (Biob.

A Midnight Lunch That Almost Cost Mrs. A. R. Smithburn Her

Life. A can of herring and a lead spoon formed a poisonous combination which placed in jeopardy the life of Mrs. H. R. Smithburn of 612 Oak street, early yesterday morning. She ate sparingly of the herring at mid-night, using the spoon, which had been in the herring for four or five days, and several hours later was almost in convulsions from lead poisoning. Police Surgeon Pierce worked over her until daybreak before he pronounced her out of danger.

LANDED ON HIS HEAD.

The Life of James Keep, a Carpenter Is Saved by a Pile of Loose Shingles.

A pile of loose shingles yesterday saved the life of James H. Keep, a carpenter, of 306 East Eighteenth street. He was working on the roof of a new building at Carey and St. John avenues, and was standing in a gutter. The guttering gave way and Keep fell a distance of twenty feet, striking the shingles, head on. The muscles of his neck were badly strained and he received a serious contusion on the right side of the head. Police Surgeon Pierce dressed his injuries.

HIS ARREST FOLLOWED.

THE RECORD FOR JUNE. The Greatest Month's Business in the History of the Kansas City

Revenue Office. The largest month's business in the his tory of the Kansas City revenue collector's office was transacted during June. The eash receipts for sale of supplies and licenses was slightly in excess of \$110,000. The largest month heretofore was about \$5,000. The increase was due to the advance payment of the war taxes. The business for the month of July will be far in advance of that of June. Yesterday Mr. Keilogg made his deposit of cash in the adhesive stamp account and it lacked only a few dollars of being \$50,000. During the rest of the month he will sell more than that amount of stamps and then will have the collection of the bank tax which is expected to be above \$50,000 more to add to his account. He has so far been unable to make an estimate of the amount that will be realized from the tax on the wholesale grocers, but the Kansas City firms will pay in several thousands of dollars for their share.

Mr. Kellogg hopes to be able to show that during the first month of the war tax the people of the district under his charge acted promptly in paying in their taxes and helping the government's cash account vance payment of the war taxes.

helping the government's cash account alorg. There has been no grumbling what-ever over the tax, and people from whom nothing was due have offered to pay, pre-ferring to err on the right side if they made any error.

Generally Fair To-day.

The indications are that to-day will be an ideal day for outings, generally fair weather being predicted. Observer Connor does not say anything about a rise in temperature, and the probabilities are that it will be little warmer than it was yesterday, when the highest was only 81 degrees, and the lowest 88 degrees. There was a trace of rainfall yesterday. The following were the hourly temperatures:

Yellowstone Park

Is more and more impressing itself upon the public as the years go by as being the GREAT PARK of the land. The strong feature of it is the fact that it is not a man made park. True enough, man has built roads and bridges and hotels in order that he may see the park, but he has not yet tried his hand at constructing new fangled geysers, or re-adorning or re-sculpturing the Grand Canyon of the Yellowstone. These are as God left them. There, too, the elk, bear, deer and other animals are not inclosed in wire fences. They wander free and unfettered whithersoever they will. Man's handlwork is but little seen and the park is the grander for it. Send Charles S. Fee, General Passenger Agent, Northern Pacific Rellway, six cents for Wonderland S. and read about the park.

Excursion Rates to Colorado The Union Pacific is the only line run-ning two fast trains daily, without change Kansas City to Denver. Pullman Palace Dining Cars. Offices, 1009 Main street, 102 Union avenue and Union station. Telephone
